- The minimum size of the group is 50

How is the Premium determined?

- The Premium payable by an individual member will depend on the duration of the loan, nature of organisation, age of the individual member, amount of loan being covered at the time of taking the risk coverage and type of cover, i.e. flat cover or monthly reducing cover, etc.

Age of insured member	35 year(y) (last birthday)

Loan term	20 years
Type of loan	Housing loan from PSU bank @ interest rate of 9.50% p.a.
Type of cover	Monthly reducing cover
Premium	16.08* (₹ 500,000/₹ 1,000) = ₹ 8,040

At what frequency can Premiums be paid?

This is a single Premium product. The members would be required to pay Premium once at the time of starting the cover.

What would be the duration of the Policy?

- There is no fixed Policy Term. It continues as long as there are existing insured members under the Master Policy
- Duration of the membership will be minimum 1 year and maximum 30 years, for every individual member
- Company may discontinue the Policy for new loan clients after giving a 90 day notice to the Master Policyholder. However, the Policy will continue for existing members

What is the amount payable on the death of a member?

- In case of loan, the amount payable on the death of the member is equal to the loan outstanding as per the loan schedule finalised at the outset of taking the membership
- In case of recurring deposit, Sum Assured due as on date of death will be payable

What is the amount payable on surrendering the membership?

- The Master Policyholder can ask the Company to surrender the membership of an insured member if the insured member repays the outstanding loan amount only in full and the cover is terminated before the end of the loan term. In such case, the Company will pay the surrender value pertaining to that member to the Master Policyholder

The guaranteed surrender value will be calculated as:

For flat Sum Assured:

$$75\% \times \text{Single Premium} \times \frac{\text{Outstanding Term}}{\text{Loan Term}}$$

For reducing Sum Assured:

$$75\% \times \text{Single Premium} \times \frac{\text{Outstanding Term} \times (1 + \text{Outstanding Term})}{\text{Loan Term} \times (1 + \text{Loan Term})}$$

What is the claim process when a member dies?

- The claim process is very simple. The Master Policyholder would need to provide the death certificate of the member along with claim papers and we will settle the claim with the Master Policyholder who in turn will pay the claim amount, after deducting the loan outstanding to the beneficiary
